I think RC is fun.

Dad thinks RC is fun.

Dad and I think RC is fun.

I like flying.

Dad likes flying.

We like flying.

I ~~fear~~ like flying with Dad.

Dad likes ~~attempting to decapitate~~ flying with son.

A little levity to break the series videos up a bit. :)

This is a collection of video segments I've had laying around on my hard drive since the start of last year. Four decapitation attempts, from helicopters, to delta wings, all the way to gliders.

I hope you all enjoy the little vignette as much as I enjoyed making it and surviving the filming.
